

The image features the TIZO brand logo in a large, bold, black serif font. A registered trademark symbol (®) is positioned to the upper right of the letter 'O'. Below the main logo, the words "SUNSCREEN & SKINCARE" are written in a smaller, black, all-caps serif font. The background consists of a light blue gradient on the left side, transitioning into a soft, warm yellow and orange glow on the right. Overlaid on this background are several layers of sheer, translucent fabric that appear to be flowing and draped, creating a sense of movement and texture. The overall aesthetic is clean, elegant, and evokes a feeling of light and protection.

TIZO®

SUNSCREEN & SKINCARE

ABOUT TIZO®

TIZO® is dedicated to creating **mineral photoprotection** that is both highly efficacious & exceptionally elegant. With 30+ years of experience working with mineral sunscreen, we've developed formulations and techniques that deliver both exceptional aesthetics and outstanding protection.

TIZO® Photoceuticals® complement our sun protection with **elegant skin care** that is specifically designed to help repair, protect and revitalize skin damaged by sun and environmental exposure, while helping to prevent further photodamage.

TIZO® is passionate about protecting and improving skin health.

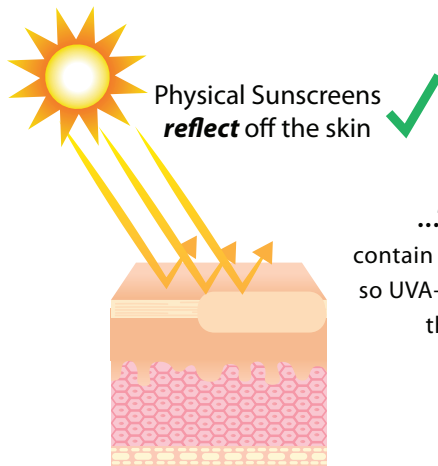

Our commitment to you:

- Aesthetic Elegance
- Visible Results
- Outstanding Protection
- No chemical sunscreens, fragrances, dyes or parabens

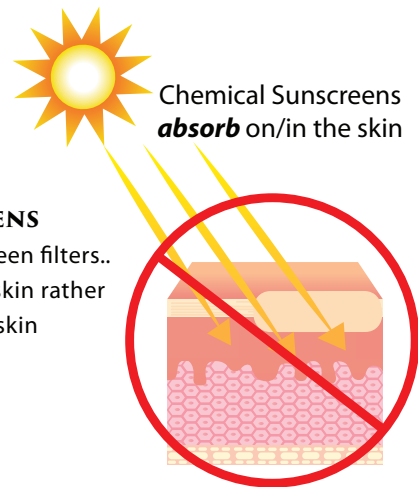

WHY CHOOSE MINERAL SUN PROTECTION?

Sunscreens fall into two categories: physical blockers (a.k.a. mineral sunscreens) and chemical absorbers (a.k.a. organic chemical sunscreens).

Mineral sunscreens work by scattering and reflecting harmful UV radiation away from the skin; chemical sunscreens work by absorbing UV radiation on/in the skin.

...TIZO[®] SUNSCREENS
contain **NO** chemical sunscreen filters..
so UVA-UVB rays **reflect** off skin rather
than absorb into the skin

TIZO® MINERAL SUN PROTECTION

Our name reflects our commitment. **TIZO®** stands for **T**itanium **Z**inc **O**xide.

TIZO® Mineral Sunscreens are 100% mineral protection, delivered with exceptional aesthetics including elegant skin feel, the ability to layer under makeup, and virtually invisible appearance on a wide range of skin tones. Since 1989, the creator of **TIZO®** has been crafting healthy sun protection that's a pleasure to use.

All TIZO® Sun Protection Formulas Are:

- 100% FREE of Chemical Sunscreens, Preservatives, Fragrances, Parabens, Gluten and Pthalates
- Broad Spectrum UVA/UVB protection
- Gentle enough for all skin types, even the most sensitive; appropriate for post-procedure use
- Photostable; will NOT degrade in sunlight
- Aesthetically elegant

Reef Friendly

TIZO₃[®]

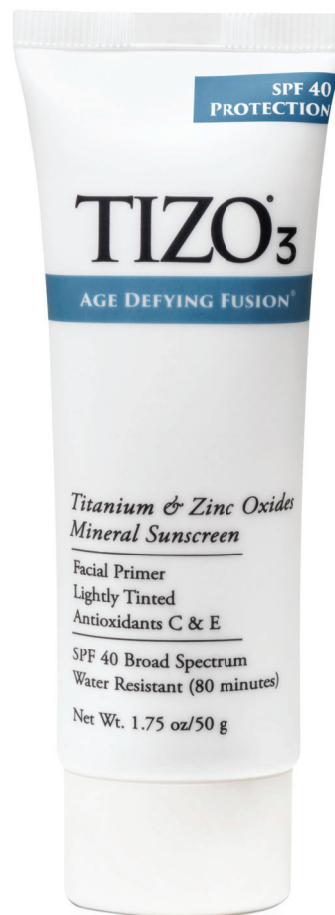

PRIMER/SUNSCREEN
TINTED
SPF 40
PA+++

TIZO₃[®] is a sheer, tinted facial mineral sunscreen that offers lightweight sun protection with a silky matte finish. Our proprietary fusion of micronized titanium dioxide and zinc oxide creates an exceptional sunscreen that feels refined and elegant while protecting the skin. TIZO₃[®] layers beautifully under makeup to replace one's primer or may be worn alone.

Broad Spectrum SPF 40
Water Resistant (80 minutes)
Contains Antioxidants C & E

KEY INGREDIENTS:

- Titanium Dioxide 8%: Sunscreen
- Zinc Oxide 3.8%: Sunscreen
- Iron Oxide: Tint used for all skin tones

TIZO₂[®]

PRIMER/SUNSCREEN
NON-TINTED
SPF 40
PA++++

TIZO₂[®] facial mineral sunscreen offers sheer, light-weight sun protection with a silky matte finish. Our proprietary fusion of micronized titanium dioxide and zinc oxide creates an exceptional sunscreen that feels refined and elegant while protecting the skin. **TIZO₂[®]** is non-tinted and layers invisibly under makeup to replace one's primer or may be worn alone.

Broad Spectrum SPF 40
Water Resistant (80 minutes)
Contains Antioxidants C & E

KEY INGREDIENTS:

- Titanium Dioxide 8%: Sunscreen
- Zinc Oxide 3.8%: Sunscreen

TIZO® ULTRA ZINC

MINERAL SUNSCREEN FOR BODY & FACE
TINTED OR NON-TINTED
SPF 40

TIZO® Ultra Zinc is a gentle, moisturizing, purely mineral sunscreen suitable for all skin types and tones. Sheer tinted and non-tinted formulations are virtually invisible on a full range of skin tones, including the darkest tones. **TIZO® Ultra Zinc** smooths onto skin and dries quickly, leaving an elegant, dewy finish. 20% zinc oxide is calming and soothing, making **TIZO® Ultra Zinc** perfect for post procedure use.

Broad Spectrum SPF 40

Water Resistant (40 minutes)

Contains Antioxidants C & E

KEY INGREDIENTS:

- Zinc Oxide 20%: Sunscreen
- Iron Oxide (Tinted only): Tint used for all skin tones

TIZO® SHEER BOTANICALS

MINERAL SUNSCREEN FOR BODY & FACE
NON-TINTED
SPF 45

TIZO® Sheer Botanicals is a silky, plant-based mineral sunscreen. Its sheer, non-tinted formulation spreads easily to a soft, virtually invisible finish, making it ideal for use on body and face. This unique formulation is naturally soft and gentle, as well as highly protective. Silicone-free, as well as free of chemical sunscreen filters, dyes, fragrances, gluten and preservatives.

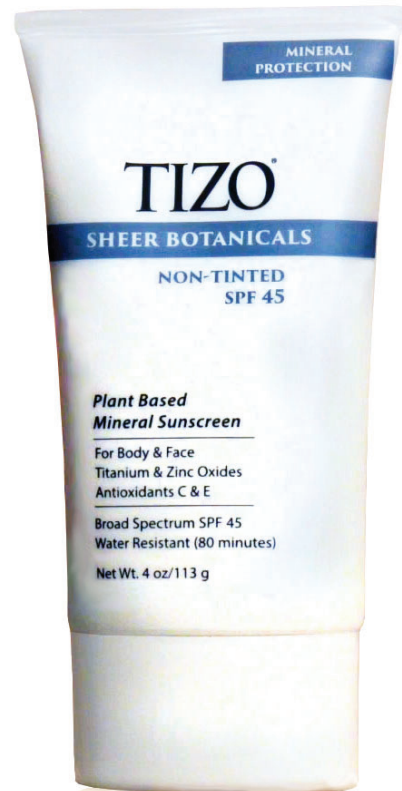

Broad Spectrum SPF 45

Water Resistant (80 minutes)

Contains Antioxidants C & E

KEY INGREDIENTS:

- Titanium Dioxide 3%: Sunscreen
- Zinc Oxide 10%: Sunscreen

TIZO® SOLAR PROTECTION SPF 50+™

BODY & FACE SUNSCREEN
LIGHTLY TINTED
SPF 50+

TIZO® Solar Protection SPF 50+™ is a gentle, broad spectrum purely mineral sunscreen. The combination of Titanium Dioxide and Zinc Oxide provides excellent UVB/UVA protection to prevent burning and photo-aging. Lightly tinted to blend into all skin tones.

Physical broad spectrum protection; great for post procedure use.

Water resistant up to 40 minutes.

FREE of chemical sunscreen filters, dyes, fragrances oils and preservatives.

KEY INGREDIENTS:

- Titanium Dioxide 10%: Sunscreen
- Zinc Oxide 3%: Sunscreen
- Antioxidant E
- Iron Oxide (Tinted only): Tint used for all skin tones

TIZO® TINTED LIP PROTECTION

MINERAL SUNSCREEN FOR LIPS
SPF 45

TIZO® Tinted Lip Protection is the ultimate lip protection without the use of chemical sunscreen filters. Using only titanium dioxide and zinc oxide, **TIZO® Tinted Lip Protection** reflects the sun away from one of the most sensitive areas, the lips. Non-whitening; glides on easily and is ideal either under lip color or alone. Gentle kiwi, lime and ginger flavor.

Broad Spectrum SPF 45

Water Resistant (80 minutes)

KEY INGREDIENTS:

- Titanium Dioxide 4%: Sunscreen
- Zinc Oxide 5.5%: Sunscreen
- Iron Oxide: Light, invisible tint prevents whitening

TIZO® PHOTOCHEMICAL® SKIN CARE

TIZO® Photochemical® Skin Care is specifically designed to help repair, protect and revitalize skin damaged by sun and environmental exposure, addressing skin's tone and texture while helping to prevent future photodamage. These elegant products are non-comedogenic and oil-free, providing a silky matte finish while reducing the appearance of fine lines and pore size.

TIZO® Photochemical® Skin Care features our **Skin Firm Technology®** delivery system in all leave-on products. This anhydrous (waterless) vehicle gradually and continuously releases performance ingredients to the skin and enhances the stability of these ingredients. **Skin Firm Technology®** addresses trans-epidermal water loss (TEWL) to help maintain skin's natural moisture, and creates an invisible, breathable surface that leaves the skin feeling firm.

TIZO® Photochemical® Skin Care is 100% free of fragrances, parabens, dyes and chemical sunscreens.

TIZO® RENEWABLE MOISTURIZER

Light, unscented cream soothes and rejuvenates dehydrated skin. With Hyaluronic Acid, Bisabolol and Glycerin, TIZO® Renewable Moisturizer is perfect after sun exposure or post-procedure. A quick splash or mist of water reactivates moisturization throughout the day.

KEY INGREDIENTS:

- **Hyaluronic Acid**
Helps replenish the skin's Natural Moisturizing Factor.
- **Bisabolol**
Chamomile extract to help soothe skin.
- **Glycerin**
Humectant for added moisturization.
